

A Cinematic Farewell!

After 41 glorious years of motion picture magic, the Cinema Society of San Diego's journey through cinema concludes this month.

I think back to our wonderful members throughout the years, our visiting artists and our previews of the very best in cinema, and I smile. It's been an amazing ride, a journey filled with joyous memories, and I thank you for being a part of it to the very end.

I'm hopeful we will stay in touch, either through the Cinema Society's continuing arts tours around the world, the "Andy Loves Movies Subscription Newsletter", or simply pick up the phone or email me anytime.

I've been proud to be the Cinema Society of San Diego's founder and director, and by the power invested in me, you all now have your Tuesdays back.

God bless you all.

LILLY

When a hard-working Alabama factory supervisor discovers that for 20 years she's been earning only half of what men with the same job are paid - only because she is a woman, she begins a long journey to fight for justice.

Starring Patricia Clarkson, LILLY is based on the remarkable life of fair pay activist Lilly Ledbetter, who stood up for equality all the way up to the Supreme Court, through the power corridors of Congress, and ultimately The White House. LILLY is an extraordinary journey of an ordinary woman who refused to accept the status quo and underscores the transformative impact of one individual's courage.

Running Time: 95 Minutes.

Salute to Filmmaker Klaus Haro and NEVER ALONE

Klaus Härö is an acclaimed Finnish director known for his poignant and visually compelling films that often explore themes of human connection and moral complexity. His notable works include *The Fencer* (2015), which was nominated for a Golden Globe and shortlisted for an Academy Award, and *My Sailor, My Love* (2022), which won multiple international awards.

Never Alone is a powerful and poignant true story of courage, resilience, and defiance during one of history's darkest periods. Set against the backdrop of World War II, the film centers on Finnish businessman and philanthropist Abraham Stiller, a key figure in the Jewish community, who risks everything to protect Jewish refugees fleeing Nazi persecution in Germany and Austria. As the Gestapo's influence grows and deportations to Auschwitz loom, Stiller fights to save those seeking sanctuary in Finland, a country caught in an uneasy alliance with Nazi Germany.

PLEASE NOTE: NEVER ALONE is in Finnish, Swedish, German, Yiddish, Hebrew and English with English subtitles.

ALSO PLEASE NOTE: 'Society's Finest Award' Ballots, asking you to vote on your favorite Documentary, International, Guest Speaker and Film of the season, will be handed out at this event. If you would rather receive your ballot via email, please let us know at andy@cinemasociety.com. Winning titles will be announced shortly after the conclusion of our 41st season.

Running Time: 89 Minutes.
